HISTORICAL SKETCH OF CANADA.

To the celebrated Jacques Cartier belongs the honor of discovering Canada. This distinguished navigator sailed for the coast of America on the 20th of April, 1534, but proceeded no further than Gaspé. In the following year he procured a new commission from his sovereign, Francis I. and on this voyage entered the great river of Canada. This magnificent stream he called the St. Lawrence, because he began its exploration on the festival of that martyr. He sailed up the river to the Isle of Orleans, which he named the Isle of Bacchus from the vines he found there. Here he was visited by Donnacona, "the Lord of Canada," whose residence was Stadacona. This Indian town occupied a portion of the present city of Quebec. Being informed by the natives of the existence of a large settlement away up the river, called Hochelaga, he determined to visit it. After a long though pleasant voyage, during which he was treated with great kindness by the aborigines, he landed on the Island of Montreal, which was the site of Hochelaga. Here, as at Stadacona, the natives treated Cartier and his companions with the greatest hospitality. After a pleasant interview with the inhabitants, who belonged to the Huron tribe, he returned to St. Croix where his vessels had been left, the expedition to Hochelaga having been made in boats of a lighter draft, and went into winter quarters; but being unaccustomed to the severity of the climate, and not having a supply of suitable clothing and provisions, twenty-five of his companions died from scurvy. In the spring the remainder of the party returned to France, compelling eleven of the natives to go with them, thus abusing the confidence which the Indians had reposed in them, and laying the foundation for that animosity which so long existed between the red and the white man.

It was not until 1540 that Cartier returned to the St. Lawrence. On his arrival at St. Croix he found that the seed he had sown was producing its bitter fruit and the natives were opposed to his settling among them the emigrants whom he had brought out with him. He therefore proceeded further up the river, laid up three of his vessels at Cape Rouge, and sent the other two back to France. A fort was built here, and a settlement attempted but with little success; and the country remained in the undisturbed possession of the Indians. About the beginning of the 17th century however a permanent colony was founded under the auspices of a company of merchants who traded with the natives for furs. Further settlements were made by Champlain, De Monts, and others. Champlain first explored the Ottawa River and was the founder of the cities of Quebec and Montreal. After his death the Government was administered by M. de Montmagny, M. d'Ailleboud, M. d'Argenson, M. d'Avangour, M. de Mesy and Marquis de Tracy successively. In 1672 Frontenac was appointed governor. He may be said to have opened the door to civilization in Canada West. One of his first acts was the erection of a fort at Catarqui, near the present site of the city of Kingston; a movement that had been projected by his predecessor, Courcelles. During Frontenac's administration, explorations of the lakes and rivers of Canada West were made by Perrot, Marquette and La Salle.

In 1685, Denonville was appointed to supersede De La Barre, who was deposed on account of his ill success in fighting the Five Nations. Denonville was a brave officer and as soon as he arrived from France went to Catarqui with a force of 2000 men. Here he decoyed some of the chiefs, put them in close confinement and sent

them to France; devastated the fields of the Indians and built and garrisoned a fort at Niagara, which was shortly afterwards destroyed by the Iroquois. Great barbarities were committed on both sides, and the country was a vast theatre of slaughter.

In this emergency, Frontenac was again appointed over the Province. He brought back the Indian Chiefs who had been so treacherously seized by Denonville and sought to conciliate his enemies, but in vain; hostilities were continued with the same vigor as before. In addition to his Indian foes, Frontenac was threatened by a British squadron under the command of Sir William Phipps, who disembarked 1500 troops near the river St. Charles and endeavored to reduce Quebec; but being repulsed by the French, he re-embarked after a few days, and returned to Boston, which was then in the possession of England. Frontenac died soon after the peace of Ryswick, and was succeeded by the De Caillieres, who lived but a few years and was succeeded by the Count de Vaudreuil. After him, Beauharnois, Galissoniere, Jonquiere, Longuenil, Du Quesne and Sieur de Vaudreuil came successively into power. It was during the administration of the latter that Quebec was captured by the heroic Wolf, whose exploits are too well known to our readers to need a recital here. With the fall of Quebec and Montreal, which surrendered shortly after, ended the French dominion in Canada. The population of the province at that time was in the neighborhood of 65,000. In the year 1788 an edict was issued dividing it into the two provinces of Upper and Lower Canada, to the former of which we will now turn. Upper Canada is bounded on the North by the Hudson's Bay Territory; on the east and northeast by Canada East and the Ottawa river; on the South by Lakes Erie, Ontario and the River St. Lawrence; and on the West by the Detroit and St. Clair Rivers and Lake Huron. The north-western limit is indefinite. The name Canada is supposed to be derived from the Indian word "Kanata," meaning a collection of huts. Canada consists of an immense plain, lying between a high range of hills on the North and the lakes on the South. The distinguishing feature of this province is its lakes, which surpass in area and in depth any others in the world. Lake Superior is the largest body of fresh water on the globe, and its depth in many places 900 feet. The water is perfectly transparent and very cold even in summer. On the South shore are the Pictured Rocks, which rise 300 feet from the water and extend along the coast a distance of 15 miles. The outlet of this lake is St. Mary's Channel, through which the water passes into Lake Huron; this lake is 32 feet lower than the former, and is about a thousand miles in circumference. The Manitoulin Islands run parallel with its northern shore, separating the lake into two portions. The principal British naval station on this lake is Penetanguishine, in Georgian Bay. On the Eastern shore of Lake Huron lies the Huron District, a fine and fertile region, with an undulating surface. Geologists suppose that this tract of land was at one time the bottom of a lake, from the fact that ridges of gravel and stone running in a north-east and south-west direction are very frequent, and have the appearance of having been rolled about in the water until they became smooth and round. It is a curious fact, that an immense swamp exists on the highest land in the District, from which many streams are supplied. It is supposed to be 500 feet above the level of the lake. The population of Huron District is rapidly increasing. Thirty years ago it was a wilderness; now it is a thickly populated and wealthy agricultural country, with a town which is fast rising to importance as a lake port. We allude to Goderich, which from its lofty situation overlooks the beautiful lake below. Lake Huron empties through the River St. Clair into the lake of the same name. This sheet of water is of a circular form, being about 26 miles across. On the St. Clair rapids is a settlement of Indians numbering several hundred persons. Into this lake (St. Clair) empties the river Thames, on whose banks are situated London, one of the finest cities in the Province, Chatham, and various other towns which are rapidly rising in importance. The Detroit river conveys the waters of Lake St. Clair into Lake Erie, which in a commercial point of view is the most important of the great lakes. Its length is 244 miles, breadth 58 miles, and its level is 30 feet below Lake Huron. At the Rondeau, Port Stanley, Port Maitland and Port Colborne expensive works have been erected to supply

the deficiency of natural harbors. This Lake is said to be filling up by the sediment from the rivers which flow into it. Its navigation is quite dangerous, as it is subject to sudden and violent storms.

One of the first settlements in this province was made on the Detroit river by a few French families, and their descendants bear a remarkable resemblance to the *habitans* of Lower Canada. The country is well cultivated and grows grain, grapes, peaches, nectarines, apples and pears. Sandwich and Amherstburg are on the bank of the river. Point Pelee is the southernmost point of Canada. Near Amherstburg and Point Pelee is an Indian settlement composed of Chippewas, Hurons, Munsees and Shawnees. PORT TALBOT, an extensive settlement made by Colonel Talbot in 1802, lies about half way between the Detroit and Niagara rivers. Long Point, a peninsula between the Grand River and Port Talbot is a fertile and thickly settled country. The land at the mouth of the Grand River is low and sickly, but the upper part of it flows through a country unsurpassed in healthfulness and fertility. The Counties of Middlesex and Oxford are thickly settled and well cultivated. A settlement of Indians was made on the Thames in the year 1792.

Guelph, situated on a branch of the Grand River, is one of the most flourishing towns settled by the Canada Company; Galt is also rapidly rising in importance. Canada West is one of the finest portions of America, and needs only cultivation to make it the garden of the world. The climate of the Gore, Huron and London Districts is remarkably salubrious and might almost challenge that of California.—Brantford is a stirring place, on the Grand river.

Near this place a fine tract of land was granted to the Six Nations in the year 1784. This tribe of Indians, as its name implies, was made up of six other tribes; viz: the Mohawks, Oneidas, Onondagas, Senecas, Cayugas and Tuscaroras. The latter tribe joined the confederacy in 1714, previous to which time they were called the Five Nations, once they were the lords of the soil, but now only a few scattered fragments of them remain.

The Welland Canal is one of the many works of internal improvement for which Canada is noted. It issues from Lake Erie at Port Colborne and enters Lake Ontario at Port Dalhousie, thus affording a safe and speedy water communication between two of those great inland seas, and overcoming the great obstruction to navigation placed by nature at the Falls.

During the war of 1812 we were very unfortunate on Lake Erie, the British squadron carrying 68 guns being defeated by the American of 56, and had it not been for the determined loyalty of the Canadians, England must then have been deprived of this fine Province.

The first vessel that ever ploughed the waters of the great lakes, was built on the Niagara river in the year 1579; and having been dragged up into Lake Erie started westward under the direction of La Salle, whose purpose was to explore the Mississippi River and follow it to the sea. After traversing lakes Erie, St. Clair, Huron, and Michigan, they landed at Green Bay, and La Salle having given up the hope of getting his vessel into the Mississippi, loaded her with furs and sent her back to Niagara with a crew of six men, but nothing was ever after heard of them, and they are supposed to have found a mariners grave at the bottom of Lake Huron.

Near Grand Island is a smaller one called Navy Island, which was the stronghold of the self-styled Patriots in the late insurrection. Hundreds of misguided men flocked to the standard of Van Rensselaer here, and provisions were furnished them in abundance; and the insurgents having purloined some of the cannon belonging to the State of New York, mounted them and opened fire upon the Canadian Shore.—The steamer Caroline which had been used for transporting the munitions of war to the Island, was taken from her moorings by a party of loyalists under Capt. Drew, set on fire and carried down by the current over the Falls. The people of the United States were considerably incensed at this proceeding; but the sober second thought convinced them that it was not an unjustifiable act, but rather a military necessity. The malcontents evacuated the Island on the night of January 14th, 1838. An unimportant demonstration was also made against Kingston, but upon the approach of a band of Militia the Patriots thought it prudent to retire. The

same thing took place at Fighting Island near Detroit. At the island of Point Pele, however, the insurgents made a determined resistance, but were finally overcome and the majority of them slain or captured. Let us hope that we may never again witness such scenes of civil strife, but that all our efforts may be directed to the promotion of harmony and good-feeling amongst all classes of our citizens. So much has already been said and written about the Falls of Niagara that it would be almost superfluous to mention them here; not because they are not worthy of mention, for Nature has made them the wonder of the world; but because every person is supposed to be in the possession of all needed information in regard to them.

A short distance below the falls is the Suspension Bridge, and further down is the romantic village of Queenston; while Forts Messassauga and Niagara guard the river at its entrance into Lake Ontario.

This lake is 172 miles in length, its surface is 231 feet above the level of the Atlantic, and its greatest depth is more than 600 feet. On Burlington Bay at the head of the Lake stands the flourishing city of Hamilton. No place in the Province is more distinguished for commercial and manufacturing enterprise. Behind it rise the hills, and before it lies the bay in all its loveliness.

Toronto, the metropolis of Upper Canada, lies on the north shore of the lake about 40 miles from the mouth of Niagara river. It has increased in population with astonishing rapidity. When it was selected as a site in 1793, by Governor Simcoe, its inhabitants were two families of Indians all told. It was first called York, but its name was afterwards changed to that of Toronto; an Indian word signifying the place of meeting.

This city was formerly the seat of Government for Western Canada, and after the Union of the Provinces many persons thought it would retrograde and decline as rapidly as it had risen. Its inhabitants, however, with indomitable enterprise and industry expended their means in improving it in every way, and have succeeded in making "muddy little York" as it was formerly called, one of the finest cities on the western continent. Toronto was again temporarily made the capital of Canada in 1849 on account of the riots in Montreal.

To the eastward of Toronto are the flourishing towns of Port Hope and Cobourg and between them and Kingston lies the peninsula of Prince Edward. The principal river in this region is the Trent, which empties into the Bay of Quinte. Belleville, situated at the head of this Bay is an important place; and Picton, further below, is a handsome town.

Kingston is a fine city near the site of Fort Frontenac. It has quite a number of fine buildings, possesses an excellent harbour and is the southern terminus of the Rideau Canal. The northern terminus is Ottawa, our beautiful capital on the right bank of the river, whose name it bears.

Brockville on the St. Lawrence is one of the prettiest towns in the Province, and the scenery around it is charming. Further down the river is Prescott, made memorable during the insurrection; and below it lies Cornwall opposite to the Indian town St. Regis, where the boundary of 45 strikes the St. Lawrence.

The eastern, or rather north-eastern boundary of Canada, as has already been stated is the Ottawa. This river was once the great route of the fur traders who ascended it for about 300 miles in their canoes and then crossed over to Lake Huron via French River. This stream, in conjunction with Lake Nipissing connects the Ottawa with Lake Huron. The navigation of the upper Ottawa is rendered impracticable by reason of the many cascades and rapids by which it is obstructed. The Chaudiere Falls, a little above the entrance of the Rideau Canal are 80 feet in height, and the depth of the water in the great caldron below is probably more than fifty fathoms.

The Union Bridge, which spans these Falls and connects Upper and Lower Canada, is said to be one of the most noteworthy in the world, both in regard to situation and construction.

The Rideau Canal, which is more properly speaking a series of canals connecting a number of lakes, commences about a mile below the Chaudiere Falls and terminates at Kingston on Lake Erie. From the Canal to Grenville on the river sixty miles below, steamboat navigation is uninterrupted. Here commences the Grenville

Canal consisting of three sections; the first at the Long Sault, an impetuous rapid in the Ottawa; the second at the Fall of Chute a Blondeau, and the third at Carillon. Another Canal has been constructed by government to avoid the rapids in the St. Lawrence between Prescott and Cornwall. Thus, although a comparatively new country, Canada enjoys facilities of transportation unequalled by many lands much older in civilization.

Then there is our great system of railways, branching in every direction, and embracing in their iron arms the most fertile and valuable tracts in the Province, conveying travellers to and fro, and furnishing the agriculturist with a cheap and speedy means of sending to a good market all his surplus produce.

Our climate too is mild and healthful, we produce among ourselves all the comforts and many of the luxuries of life, our commercial and manufacturing interests are advancing with rapid strides, our educational and religious institutions are established upon the most liberal basis, our people are possessed of indomitable perseverance and industry, and the mother country leaves nothing undone that can conduce to our progress or our welfare. It is not strange then that we are loyal and prosperous: we possess all the elements of success and why should we not succeed? We have succeeded; and "judging the future by the past" we shall continue to succeed and to advance in an accelerated ratio, leaving far in our wake many "ships of state" whose voyage began long before our keel was laid. We do not wish to make any invidious distinctions, but we think it must be a source of congratulation to every Upper Canadian to reflect upon the fact, that although the Lower Province was colonized long before ours, yet we have so far outstripped it in population as to outnumber it by 800,000. Our present position is a proud one and we cannot but feel a deep gratitude towards the great Disposer of events for the solicitude with which he has watched over our beloved land, and for the great prosperity with which he has blessed us,

"No clime than this hath prouder, brighter hopes,
With its innumerable and untrod leagues,
Of fertile earth, that wait but human skill
And patient industry, by commerce fed,
To win their way to eminence as proud
As any nation on the varied earth,
The balmy winds may breathe more fragrant sighs o'er other climes,
And rarer flowers may in their gardens bloom,
But in prosperity and freedom, none
May bear the palm away."

The Ottawa is a fine river, and is the southern terminus of the Rideau Canal. The Rideau Canal is a fine waterway, and is the northern terminus of the Ottawa River. The Rideau Canal is a fine waterway, and is the northern terminus of the Ottawa River.

White; Cashier, John Ashworth; Superintendent of the Money Order Branch, P. Lesueur. Clerks of the First Class—R. M. Julian, E. C. Hayden, J. T. McCall, R. Oliver, D. Lawson, H. S. Weatherly, P. Holt, J. C. Stewart. Clerks of the Second Class—J. Audette, C. R. McKen-
sis, J. Brophy. Clerks of the Third Class—Geo. J. Mason, J. Boyd, J. L. McMahon, E. H. Benjamin, Wm. D. LeSueur, B. King, G. H. Hargrave. Clerks of the Fourth Class—H. J. Garrett, G. H. Holt, H. W. Griffin, W. Berry, T. J. Holloway, R. W. Barker.

Inspection Branch—John Dewe, G. E. Griffin, M. Sweetman, J. B. Meilleur, L.L.D., Edw. F. King, W. G. Sheppard, Francis Clemow, and Ogle R. Gowan.

LETTER RATES.

Letter, posted in Canada addressed to any place within the Province, pass, if prepaid, for 5 cents per ½ oz., but if not prepaid, such letters are charged 7 cents per ½ oz.

On letters to Nova Scotia, New Brunswick, and Prince Edward's Island, the rate is 6 cents per ½ oz., with optional prepayment.

The rate on Letters to the United Kingdom is, by Canadian Packet.

Not exceeding ½ oz. 12½ cents.
Exceeding " and not exceeding 1 oz. . 25
" 1 oz. and not " 2 oz. . 50

and so on, increasing two rates of postage for each additional ounce.

And by Cunard Packet, 17 cents per ½ oz., &c.

Letters for the United Kingdom must be prepaid, or they will be charged a fine of 6d. sterling on delivery.

Letters for British Colonies and Possessions beyond Sea, and Foreign Countries, via England, must be prepaid.

The rate on letters for the U. States,

(except California and Oregon) 10 cents per ½ oz.
" for California and Oregon, 15 "

The postage rate to British Columbia is,

Letters, 15 cents per ½ oz.
Newspapers 2 cents each.

MAILS FOR CANADA FROM ENGLAND.

Two Ocean Steamers carrying mails for Canada leave Liverpool in each week, viz: a Canadian Packet on every Thursday, via Derry on Friday, sailing to Quebec in Summer and Portland in Winter, by which the Postage rate is 6d. stg. per ½ oz.; and a Cunard Packet every Saturday, via Cork on Sunday, bringing Mails for Canada, alternately to Boston and New York, by which the postage rate to Canada is 8d. stg. per ½ oz.

The British Post Office forwards letters to Canada by the first packet sailing after the letter is posted, unless the letters bear a special direction—"By Canadian Packet" or by "British Packet"—and in that case they are kept over for the first Packet designated. "By Canadian Mail" is not a distinctive superscription; for any Mail for Canada is a "Canadian Mail," by whatever Packet forwarded.

REGISTRATION OF LETTERS.

Persons posting Letters containing value, should be careful to require them to be registered, and to obtain from the Post Master a Certificate of receipt for Registration.

The charge for registration, in addition to the Postage, is as follows, viz:—

On Letters to any other place in Canada, or
 British North America 2 cents.
 On Letters for the United States 5 "
 On Letters for the United Kingdom 12½ "
 On Letters for British Colonies or Posses-
 sions, sent via England 25 "
 On Letters for France and other Foreign Countries,
 via England, an amount equal to the postage rate.

Both the postage rate and registration fee must in
 all cases be prepaid.

Registration is not an absolute guarantee against
 the miscarriage or loss of a Letter; but a Registered
 Letter can be traced when an Unregistered Letter
 cannot, and the posting and delivery or non-delivery
 can be proven. A Registered Letter is thus secured
 against many of the casualties which, from incorrect
 address, forgetfulness of the receiver, or other error,
 may affect an Unregistered Letter.

MISCELLANEOUS CHARGES.

The charge on Parcels by Parcel Post, which does
 not extend to any place without the Province, is 25
 cents per lb. (with 3 cents additional if Registered.)

One cent per oz., payable in advance by Postage
 stamp, is the rate on Printed Circulars, Prices Current,
 Hand Bills and other Printed Matter of a like charac-
 ter, and on Books, bound or unbound, when posted
 at a Canadian Post Office addressed to any place in
 Canada, British North America generally, or the
 United States.

The charge on Books, &c., by Book Post to Eng-
 land, is 7 cents on Packets not exceeding 4 oz. in
 weight, 12½ cents on ½ lb packets, and 12½ cents
 additional for every additional ½ lb. These charges
 must be prepaid.

BOOK POST WITH FRANCE.

For Packet of Printed Matter, or single

Newspaper, Book, &c. not over 2 oz.	4 cents.
Do. exceeding 2 oz. and " 4 oz.	8 "
Do. " 4 oz. and " 8 oz.	17 "
Do. " 8 oz. and " 1 lb.	34 "

And so on, increasing 17 cents for each additional ½ lb.

The Book Post regulations between Canada and
 England apply to matter between Canada and France.

NEWSPAPERS AND PERIODICALS.

Newspapers published in Canada may be sent by
 Post from the office of publication, addressed to any
 place in Canada, at the following rates, if paid quar-
 terly in advance by either the publisher at the post
 office where the papers are posted, or by the sub-
 scriber at the delivering post office:

For a paper published 6 times a week, 40 cts. per qr.	
" " 3 " " 20 " "	
" " 2 " " 18 " "	
" " 1 " " 6 " "	

When the above rates are not paid in advance by
 either publisher or subscriber, such Papers are charg-
 ed one cent each on delivery.

TRANSIENT NEWSPAPERS.

Transient Newspapers—that is to say, Canadian
 Newspapers posted otherwise than from the office of

publication, and American or British papers posted
 or re-posted in Canada, must be prepaid 1 cent each,
 by postage stamp, or they cannot be forwarded—ex-
 cept only *British Newspapers* distributed to regular
 subscribers by Canadian booksellers or News Agents
 —such papers pass free as they would do if received
 in the Canadian Packet Mails.

NEWSPAPERS BY MAIL FROM ENGLAND OR UNITED STATES.

Newspapers received from England by the Cana-
 dian Packet Mails are delivered free.

Newspapers from England by the Cunard Packe
 Mails are charged two cents each on delivery. (This
 is the American transit charge.)

United States Newspapers brought by mail into
 Canada, are charged one cent each on delivery.

PERIODICAL PUBLICATIONS.

The rate on Periodical Publications is, if not ex-
 ceeding 3 ounces in weight, 1 cent; over 3 ounces, 4
 cents.

If prepaid by postage stamps from the office of
 publication, Periodicals published in Canada, weigh-
 ing over 3 oz., may pass for 2 cents each.

Periodicals printed in this Province, other than
 Newspapers, when specially devoted to the educa-
 tion of Youth, (both religious and general) to Agri-
 culture, to Temperance, or to any branch of science,
 and addressed directly from the office of publication,
 to be transmitted to any post-office in this Province
 are exempt from charge.

Transient Periodicals—including Canadian Peri-
 odicals not prepaid the commuted rate from the
 office of publication—nor exempted by the preced-
 ing clause, and all other Periodical publications
 posted in this Province, must be prepaid by Stamp,
 the full rate, at the time of posting.

Periodicals received in mails from the United States
 are charged with the rates named in the first clause
 of this sec.

MONEY ORDERS.

Money Orders payable in the Province may be
 obtained at any Money Order office at the following
 rates of commission:

Under and up to \$10	5 cents.
Over \$10 and not exceeding \$20	10 do.
Do. 20 do. do. 30	15 do.
Do. 30 do. do. 40	30 do.
Do. 40 do. do. 60	45 do.
Do. 60 do. do. 80	60 do.
Do. 80 do. do. 100	75 do.

N.B.—No half cents to be introduced in the Orders.

No single Order can be issued for more than \$100.

Money Orders, payable at any Money Order Office
 in Great Britain and Ireland, can be obtained at any
 Canadian Money Order Office. The Orders are drawn
 in Sterling, the commission chargeable being: for £2
 and under, one shilling sterling; from £2 to £5, two
 shillings. No order can be drawn for more than £5
 but any number of orders of £5 each may be pro-
 cured.

LIST OF POST OFFICES IN CANADA WEST.

The Offices whose names are printed in Italics are authorized to grant and pay Money Orders.

MAP ESTABLISHMENT

NORTH STREET, LONDON, C. W.

The Subscribers would respectfully announce to the people of Western Canada that they have opened a large establishment on North Street, for the manufacture of

ALL DESCRIPTIONS OF MAPS, CHARTS, &C.,

We would say to Surveyors. Engineers, Draftsmen and others, wishing any description of

Map Printing, Coloring or Mounting

Done, that we are prepared to do the same with neatness, and dispatch, and at

Lower Prices than any other Establishment in the Provinces.

Old Maps Repaired and Re-varnished.

MANUFACTORY ON NORTH STREET,

Between Kerr McKenzie & Co.'s and Adam Hope and Co.'s Wholesale Stores.

LONDON, C. W., MAY, 1862. **TACKABURY BROS. & KEEGAN.**

TACKABURYS'

COPPER PLATE MAP

OF CANADA WEST.

The undersigned have the pleasure to announce the completion of the New COPPER PLATE MAP OF CANADA W. ST. Subscribers who have not been supplied will be served as soon as the Maps can be manufactured. Read the following Testimonials from the Press:—

TACKABURY'S NEW COPPER-PLATE MAP OF CANADA WEST.—We have examined some of the engraved proof-sheets of the New Copper-Plate Map of Canada West, now in course of preparation by R. M. & G. M. Tackabury of London. We have been led to expect much in the style of the engraving of this map, since it was promised to be on copper-plate; our most sanguine expectations are more than realized. The artistic skill displayed in the execution of the work does great credit to the enterprising publishers. We are glad to know that there is in Canada a Map Publishing Firm that is willing to incur the expense of publishing a map of this class on copper, as the style of finish, or degree of minuteness here exhibited, could not be obtained on stone. The public will be gratified to know that the success of the canvass for subscribers has been satisfactory, and the map will be published during the spring, at the reduced price of one dollar. These parts which we have examined appear to be accurate, and as the map has been drawn from the latest Government and local surveys, we have no doubt that it will be reliable. *—Herald and Spectator.*

Messrs. Tackabury Bro's. of London, are about to publish a new map of Canada West. The proof sheet of a section thereof, which has been sent to this office, is a beautiful specimen of copper-plate engraving. The map is a complete survey of the country. Upon it are marked with great distinctness each concession and lot, with their respective numbers; the towns, villages, telegraph offices, post-offices, school houses, churches, and railway stations. No better map of the Province has ever been prepared. It will be ready for delivery in a few weeks. *—Globe, April 18th, 1862.*

Tackabury's new copper-plate Map of Canada—to be published in London, C. W., is rapidly approaching completion. There are many new features in this map which we specially recommend to the public. The work upon it is superior, and the completeness of the survey will render it indispensable to all classes. Mention is made of each concession and lot, with their numbers—the towns, villages, post offices, telegraph offices, railway stations, steamboat landings, &c., with the general statistics of the Province. *—Leader, April 19th, 1862.*

Messrs. Tackabury Brothers, of this city, have shown us a proof sheet of the large new Copper-Plate Map of Western Canada, soon to be published by them. The map is beautiful; the engraving is admirably executed. The clear and distinct manner in which the delicate lines marking the divisions of the lots are given, as well as the general delineations, will convince any of the great advantage of copper-plate over stone engraving or lithography. *—London, (G. W.) News.*

Messrs. Tackabury Brothers, Map Publishers, of this city, have sent to this office an engraved proof sheet of a section of the large Copper-plate Topographical Map of this Province, now in course of preparation by them. We are well-satisfied with the artistic skill displayed in the execution of the engraving, which, to say the least, is fully equal to any engraved map we have ever seen, either in this country or Europe. Every intelligent person who examines these beautiful specimens will at once be convinced of the great superiority of this class of work, to maps lithographed or engraved on stone. This map is a complete survey of the country, showing each concession and lot, with their numbers—the towns, villages, post offices, telegraph offices, railway stations, steamboat landings, &c., with the general statistics of the Province. *—London Free Press.*

THE BEST FAMILY PAPER.

The Canadian Free Press and Supplement

The Largest, Oldest, Best and most reliable Western Paper, (established 14 years,) published in London, C. W. Subscription, \$2 a-year; in Clubs of ten, \$15.

THE CANADIAN FREE PRESS is a large 36 column Newspaper, published at London, C. W., which, with a Weekly Supplement of 16 columns, makes it the **Largest Newspaper published in Canada.** It contains fifty-two long columns, and comprises a vast amount of reading matter, both original and select. The Subscribers to the **FREE PRESS** will find it replete with the latest news of the day—British, Foreign, Provincial, and Local; forming a concise and pleasing epitome of the news of the week. Its columns are furnished with articles in which the passing topics of the day are discussed in an **INDEPENDENT** spirit—the public good rather than mere Party success being the object in view.

Local News.—Events of interest in the surrounding localities are duly recorded. Meetings of Agricultural Societies, Assize Intelligence, County Council Proceedings, City News, and other matters of interest to the community receive especial attention.

Markets.—The Markets are fully and accurately given, and general Commercial Intelligence detailed. This department receives special attention, and farmers are put in possession of the state of the Grain and Cattle Markets at all principal places up to the time of going to press.

A LARGE WEEKLY SUPPLEMENT!

Containing 16 long columns is issued with the Free Press, weekly, free of charge, in order to afford the utmost space for the most interesting news of the day. The Supplement, which has recently been enlarged, is particularly devoted to entertaining reading, and is found to be a welcome guest with young and old at every fireside to which it gains access. The Free Press and Supplement, comprising **FIFTY-TWO** columns, contain more good reading matter than any other paper published in Canada. The **FREE PRESS** is acknowledged to be the best Family Paper published in Upper Canada. No good Local Newspaper can be printed under \$2 a-year.

The London Daily Free Press

Is now in the **FOURTEENTH** year of its publication, and commands a large and influential circulation in London and adjacent parts. As an advertising medium for the West, it stands unrivalled, and is the only recognised Commercial Paper in this district. The Proprietors spare neither pains nor expense to render it a first-class daily newspaper.

Business Cards of not more than ten lines inserted in the **Daily Free Press** six months, \$7.00; one year, \$12.00.

SUBSCRIPTION TO THE DAILY FREE PRESS \$6 A-YEAR, WEEKLY, \$2.

Specimen copies of the papers forwarded on application. All communications to be addressed (post-paid) to

THE LONDON NEWS,

EDITED BY W. G. MONCRIEFF, ESQ.,

A Weekly Reform Journal, published at the CITY PRESS Office, London, C. W., is the Cheapest and Best Family and General Newspaper West of Toronto.

SENT POST FREE TO ANY ADDRESS FOR

\$2.00 per Annum, strictly in Advance.

It contains every week carefully written Editorials on the prominent social and political topics of the day; also, a well digested epitome of European, American and Canadian News, selected from the columns of contemporary journals.

THE MARKETS.

This department receives special attention; the Farmer being put in possession of the state of the markets in the different places up to the latest hour of going to press.

THE SUPPLEMENT.

In order to give as full and complete a summary of the news of the day as possible, and also to afford space for articles on moral, scientific and other subjects, the Proprietor issues regularly with the NEWS, a large Supplement of 16 columns, thus making it one of the largest and best weekly papers in Canada.

EUREKA! EUREKA!

DISCOVERED AT LAST!!

GREATEST CURE IN THE WORLD FOR PAIN.

SALMON'S ENGLISH WHITE OILS

EQUALLY GOOD FOR MAN AND BEAST.

THIS ARTICLE CURES beyond a peradventure and in many cases almost instantaneously, Headache, Earache, Rheumatism, Neuralgia, Paralysis, Asthma, Piles, Gout, Glandular Affections, Fever and Ague, (while the paroxysm is on) Tetters, Felons, Swellings, Cutaneous diseases of all kinds, Cramps, Deafness, and all Bronchial Affections; also, Spavin, Ringbone, Splints and Cuts, or Bruises in Horses and Cattle.

The Proprietor feels warranted in saying that the **ENGLISH WHITE OILS** will more effectually, permanently, and rapidly, relieve **ACHES AND PAINS** than all other remedies extant; and this not in cases of functional derangement only, but in organic diseases, by restoring that equilibrium of the circulating fluids which is the indispensable condition of sound health.

They do not profess to claim to cure all the ills that flesh is heir to, but only the specified class of diseases named in the directions. Operating on chemical and electrical principles, the **ENGLISH WHITE OIL** acts as by a charm, expelling from the system all morbid or diseases producing matter consequent upon disorders in the nervo-vital fluid, and thus restoring to healthy action the various organs of the body.

The cures effected by these Oils have been in many instances truly marvellous. A single trial will satisfy the doubting and incredulous who may have been misled by the numberless trashy, catch-penny American nostrums in the shape of Gargling Oil, Black Oil, Ready Relief, Pain Killer, &c. Hundreds who had tried everything without success, pronounce the **ENGLISH WHITE OILS** to be all that is claimed for them, namely—an unfailing remedy in the various ailments and diseases specified; by far the best curative agent ever compounded or discovered. It is warranted to be a purely vegetable preparation. **TRY EVERYTHING ELSE, THEN GIVE THIS ONE SIMPLE TRIAL.**

Sold by all respectable Druggists and Dealers in Genuine Medicine throughout the Country.

PRICE 37 CENTS PER BOTTLE.

EDWIN HEATHFIELD,

LONDON, C. W., 1862.

Proprietor,

HARDWARE

The Subscribers offer for sale in the Hardware Department of their business, the following goods, viz.:

Together with a full assortment of Sheffield, Birmingham and Wolverhampton Goods.

ADAM HOPE & Co.

London, C.W., 1862.

THE GRAY PLOUGH.

NEW PLOUGHS AND CULTIVATORS.

GEORGE JACKSON,

SO long and favorably known to the London public and the surrounding country as the proprietor of the **VULCAN FOUNDRY**, has the honor to announce to his numerous friends that he is now manufacturing a first-class variety of Ploughs, which are noted for their superiority in having a Steel Mould Board, and as it has been severely tested, has proved an excellent and marked improvement upon the Farmer's best "agricultural friend." G. J. has now on hand and for sale the following samples of his manufacture in Ploughs, viz:

"The Tecumseh," "Niagara Premium," "Toronto Premium,"

AND THE

"GRAY PLOUGH,"

G. J. has also at his establishment, on Dundas-St., a new and improved cultivator, the best ever introduced into Western Canada, and without attempting to puff his Cultivator, he merely asks the Agriculturist and the Farmer to give the Instrument a careful examination, as contrasted with other Cultivators, whose names are "Legion," round the country.

All description of Stoves, Stove-pipe, Tinware, Sugar Kettles, Agricultural Furnaces, and every article made in a Canadian Foundry, always to be had of George Jackson, at his Tin and Stove Warehouse, Dundas-St., nearly opposite the City Hotel, and three doors from Talbot Street.

FARMERS,

HEATHFIELD'S VEGETABLE HEALING BALSAM

THE UNIVERSAL COUGH REMEDY FOR THROAT AND LUNG COMPLAINTS

Particularly that of Whooping Cough, Bronchitis or Inflammatory Throat, the actual forerunner of Consumption, allowed by all who have used it to be the

BEST COUGH REMEDY

EVER INTRODUCED INTO THIS COUNTRY.

To Physician, Druggist or Patient:

THE PROPRIETOR would respectfully ask an analysis of this his Cough Remedy by the M.D. and Apothecary, and a *single-trial* bottle by the Invalid, when the decision given and arrived at, he feels assured, will be satisfactory to all parties—satisfactory to Physician, Druggist and Patient to feel assured a REALLY good article has, *for once*, been brought before the public; and satisfactory to the Proprietor, from the assurance given him that his article is appreciated and finds such ready sale.

One hundred certificates could be printed and circulated, but, in the opinion of the Proprietor, this smacks too much of quackery, and he has come to the determination to allow it to stand on its own merits, for he feels confident when this article is once used no other Cough Balsam or Syrup will ever be thought of.

The above Article is Sold by all respectable Druggists and Merchants throughout the Country.

PRICE 50 CENTS PER BOTTLE.

N. B.—**Beware of Counterfeits!** None genuine without the name,—
"Heathfield's Vegetable Healing Balsam" is found blown in the glass, on the back part of the bottle.

ED. HEATHFIELD,

London, C. W.

PROPRIETOR.

GENTLEMEN,—I now have finished the largest and best-assorted stock of
Iron and Wooden

PLOUGHS, CULTIVATORS !

GANG PLOUGHS, &c.,

That I have ever offered to the Public. The Ploughs are of new patterns, with wrought iron Shares, Spindles and Square Bolts, warranted to work well, or no sale.

Cultivators with Moveable Arms and Iron Cranks

A GOOD ARTICLE AND WELL APPROVED OF.

I likewise continue to make the

FORTUNE STOVE !

Which at present, I think, stands prominent in stoves. It has given every satisfaction, and in no instance has broken or cracked since I commenced making it—now three years. I will likewise keep on hand, as usual, a large assortment of

Cheap Ploughs, Road Scrapers, Plough Castings, Sugar Kettles, Fire Irons, and Wagon Boxes, for
Iron and Wood Axle,

And will be ready and willing to sell at a light profit for cash or good credit.

STOVES, STOVES, STOVES

GREAT ATTRACTION AT THE

GLOBE FOUNDRY

LONDON, CANADA WEST.

THE IMPROVED KING OF STOVES

Is superior to the old King, inasmuch as the bottom is deeper and heavier, and bars in order to support the wood, which gives the Stove a much better draught, and makes it in every respect the best Farmer's Stove now in use.

A. ANDERSON'S

PATENT GATE STRAW CUTTER

Is beyond all doubt the Best Article of the kind now in use, and no farmer who knows the advantage of them will be without one.

M. ANDERSON,

MANUFACTURER OF

COOK, BOX AND PARLOR STOVES

Of the most approved Patterns, is selling 25 per cent. less than ever offered in this market, Stove Pipe, Plain and Japanned Tin Ware, &c. M. Anderson would call particular attention to his improved

"King of Stoves" & "Hercules" Air-tight Stove

Also to A. Anderson's patented improved

STRAW CUTTER & CULTIVATOR

All of which are on sale at his

SHOP ON DUNDAS STREET

Opposite E. Adam's Wholesale Grocery Store.

N. B.—Old Cast and Wrought Iron. Old Copper and Brass, Wool Pickings, Rags, Hides and Skins taken in exchange for Goods.

TEGUMSEN HOUSE!

LONDON, C. W.

THIS House is centrally situated, directly opposite the Depot of the Great Western Railway, and near the terminus of the Grand Trunk and Port Stanley Roads, near the City Hall, Telegraph and Express Offices, Post Office, Custom House, Banks and principal Mercantile Establishments of the city. In its construction, arrangement, capaciousness, furnishings, and all appointments it is replete with everything that is desirable in a hotel. Being

ONE OF THE LARGEST HOTELS IN THE PROVINCE,

Heated with steam, every room lighted with gas, thoroughly ventilated, conducted with an earnest desire to give satisfaction to all its patrons; and, located in the very heart of this beautiful city, it should not fail to prove an attractive temporary home.

Gratefully remembering the liberal patronage I have always received, I respectfully solicit a renewal of the same.

J. M. BENNETT,

(Late of the Robinson Hall).

THE CHEAPEST AND BEST NEWSPAPER IN WESTERN CANADA.

The London Daily Prototype,

Published in the City of London, C.W., at the very low rate of

\$5 A-YEAR IN ADVANCE !

Is the cheapest and best Daily Newspaper published west of Toronto. In politics the PROTOTYPE is Conservative. Its circulation is large and is daily increasing, spreading through every county in Upper Canada. As an advertising medium it is extensively patronized; Manufacturers, Doctors, Lawyers, Merchants and others, will find it to their interest to advertise in the PROTOTYPE. A liberal discount will be given for advertisements by the month or year; also for advertisements appearing in all our editions.

THE WEEKLY PROTOTYPE

ESTABLISHED IN 1851,

ONLY \$1 A-YEAR

Is increasing its circulation every day; its extremely low price brings it within the reach of all, and it is essentially a farmer's paper. THE WEEKLY PROTOTYPE is Conservative, and has always been true to its colors. It contains the latest American and English news, and also the earliest intelligence of all interesting or important events happening in any part of the world. Local news receives especial attention. The meetings of Agricultural Associations, County Councils and Ministerial Councils are fully reported; as are also all Fairs, Markets, Assizes and other events of importance. The prices and state of the markets of the City and County are also published, and will be found useful to farmers, produce dealers and others. Any one sending us five yearly subscribers, and the cash, \$5, will receive one copy himself gratis.

THE PROTOTYPE JOB OFFICE

Job work of all descriptions is done at the PROTOTYPE OFFICE, cheaply, neatly, and expeditiously. Posters, Placards, and Handbills turned out at the shortest notice. Cards, pamphlets, books, and all kinds of fancy work in printing got up to please the most fastidious taste. In fact all descriptions of Printing done as cheap and well as at any other establishment in Canada.

JOHN SIDDONS,

PROPRIETOR.

PROTOTYPE OFFICE, COR. OF RICHMOND & DUNDAS STS.,

CELEBRATED

PREMIUM AXES

ARE MANUFACTURED AT THE OLD STAND,
RIDOUT STREET, LONDON.

THE SUBSCRIBER would state that he has no need to say anything to recommend him to public patronage, for all the farmers in the adjoining counties know him, and they can well testify to his merits as an axe-maker. Being successor to the celebrated Smith and Evans, he has continued to sustain their merited reputation these last eight years, and by adding to his establishment the best improved machinery, he can produce the original quality axe for twenty-five per cent. less than before. He also makes all other kinds of edge-tools, such as

PUMP AUGURS,

Coopers', Carpenters' and Framing Tools

Bits and Knives for Machinery, Planing Mill Knives,
and Straw Cutter Knives made to pattern.

REPAIRING done on the Shortest NOTICE.

N. B.—MILL PICKS sharpened at old prices, on the shortest notice. He has heretofore only been able to do a limited number, but now all orders will be PROMPTLY attended to.

**CANADA WEST FARMERS'
MUTUAL & STOCK INSURANCE CO.,
HAMILTON, C. W.**

THIS COMPANY IS
Incorporated by Act of Parliament
And has been upwards of 10 Years in Operation.

Its business is entirely confined to Farm Property, isolated Country Churches, School Houses, or Dwelling Houses. It avoids all risks in Towns or Villages, taking nothing but strictly isolated property.

Its rates are more reasonable than those of any other Company. For the last 10 years the average cost for a three years' risk has been but 1 per cent, equal to 33 cents per annum on the hundred dollars.

It has paid during the ten years, claims to the amount of \$55,000, and for promptness, and liberality in the settling of them, it has earned a wide-spread and honorable reputation.

It had at its last annual meeting, 7,676 policies in force, covering \$5,716,715.54.

The available Cash Assets at the date of the last Annual Report were \$34,011.05; and its Reserve of Premium Note Capital \$45,067.09.

ITS BOARD OF DIRECTION IS
COMPOSED ENTIRELY OF FARMERS

Men who are thoroughly acquainted with the value of Farm Property, and to whom their brother Farmers may safely confide their interests.

THE FOLLOWING OPINIONS OF THE PRESS

Do but echo the general expression of estimation in which the Company is held by the farming community.

FROM THE TORONTO GLOBE:

"This Company confines its business exclusively to Farmers' Buildings, Country Schools, Churches, &c., and has been very successful. Its losses have been promptly paid, and its position is one which gives confidence."

FROM THE PETERBOROUGH EXAMINER:

The Annual Report of Canada West Farmers' Mutual and Stock Insurance Company is before us. It is in every way satisfactory, and must inspire confidence in farmers and proprietors of isolated buildings in the Company.

FROM THE PETERBOROUGH REVIEW:

"It is a safe and well conducted institution; and farmers who insure their property in it act the part of wisdom."

FROM THE BRANTFORD EXPOSITOR:

"In all the essential requisites of a Farmers' Company, the 'Canada West Farmers' is pre-eminent. The rate of insurance is small, and in case of loss, the amount insured is promptly paid. This is in marked contrast to the vexatious delays which have frequently to be submitted to in doing business with other companies."

FROM THE MONTREAL INSURANCE GAZETTE:

"We place before our readers the Ninth Annual Report of the above Company; the first Report of a Company whose business is founded on the mutual principle, that we have had occasion to analyze or comment upon. This Company was organized in 1851. It insures nothing but farm property; such as houses, barns, hay, grain, cattle and implements, isolated private houses, country churches or school houses: in short, confining its business to the country, the only safe locality for a Mutual Fire Insurance Company. This Company takes the wise precaution of requiring payment at once, in hand, of a large proportion of the cash likely to be wanted during the continuance of a three years' policy. That this system works well, witness the low per centage of premiums for three years, the large increase of policies in 1860, and the ready settlement of claims out of funds in hand. Among other good features are, the small number of losses, the total and small average of same, the insignificant sum of \$581 for one year's Director's fees, and, better than all, only \$411 for four years' Law Expenses. Who need ask if there be sound management here? Ten dollars a year to avoid litigation. Gentlemen, Directors! keep upon that track, and you will always find your vessel running or moored in safe waters. How unlike the Marine Insurance Company, (see our last December number,) that figures in a Court of Law as Defendant, REFUDIATING THE ACT OF ITS OWN AGENT! and that upon a paltry quibble. The Company appears to secure energetic Agents to judge from more than four hundred applications being obtained by an agent during the year. We need scarcely add that we anticipate as good results for the future as from the past."

The secret of the continued success of this Company is, that (unlike other Mutuels) it manages its affairs so as always to have CASH ON HAND to pay its losses as soon as they occur. This system the Directors always intend to pursue.

H. J. LAW PRESIDENT.
THOS. STOCK, VICE PRESIDENT,
R. S. STREET, SEC'Y AND TREASURER.

PRINTING ROOMS

South West Corner of King & James Streets, Hamilton, C.W.

The materials of this Office have lately been so increased, that the Proprietor feels confident that he now has **The most complete Printing Establishment in the Canada**, and possesses superior facilities for the execution of all orders with which he may be favored, embracing every description of Plain and Ornamental Printing, from the smallest Card or Label, to the largest Bill or Book, on the shortest notice, and in a style not to be surpassed, if equalled, for beauty and effect, by any office west of New York City. His machinery is of the most modern construction; his Types are equal to new, and of the latest and most beautiful cut, embracing over 300 varieties of a variety of subjects, and suited to every inclination. Country as well as City Merchants will find it to their advantage to call at his Rooms before leaving their orders elsewhere.

With many years' experience regarding the wants of the business public, and by personal attendance, and strict supervision of the proper execution of all work done at his Establishment, and with the advantage of all the latest improvements in the Art, he is enabled to execute Printing at much cheaper rates than yet attempted in Western Canada. Orders for Bookbinding, Lithographing, and Engraving, executed in the best manner.

Orders from the country promptly attended to. Auction and Hand Bills struck off while the person ordering them waits. A discount of 15 per cent off regular prices allowed Religious and Temperance Societies.

Entrance next door to the Telegraph and Express Offices.

 Simcoe Street, between James and MacNab Streets, near the Great Western
 Railway, Hamilton, C. W.,
MANUFACTURERS OF
STATIONARY & PORTABLE STEAM ENGINES

Which have taken the First Prizes at the Provincial Exhibitions at Toronto, Kingston, Hamilton and London.

These Engines are simple in construction, and easily managed, are made in a substantial manner, of the best materials and workmanship. For cheapness, durability and economy in working, they are unrivalled. If well put up and properly used, they will be warranted to require less than half the fuel used by the average of Steam Engines at work, and capable of performing much more than the power rated. The Ten-horse Power will work to the full power with less than half a cord of wood per day. They are applicable to all purposes requiring power. Numerous testimonials from parties using them can be seen on application. Boilers of all kinds made to order.

We would particularly call the attention of Farmers, Contractors, Miners, &c., to our
IMPROVED PORTABLE STEAM ENGINES

For Working Threshing Machines, Circular Saws, Driving Piles, Pumping Coal Oil, &c

These Engines are set to work and proved before leaving the Manufactory, and can be safely set to work in any building, as the fire-place is entirely surrounded by water. When required, they are mounted upon large wheels, and can be moved about as easily as a common wagon.

Steam Engines and Boilers of various sizes always on hand. Price List sent on application.
OIL REFINERS.—Having erected several of the largest Oil Refineries in the country, we are now prepared to supply Stillis, Tanks, Agitators, and all other Machinery required, at the shortest notice and at the lowest prices.

THE 'SPECTATOR,'

A POLITICAL,
Commercial & General Newspaper

PUBLISHED AT HAMILTON, C.W.,
BY WILLIAM GILLESPIE.

THE "SPECTATOR"

Is now the OLDEST UPPER CANADA JOURNAL, but one, published West of Toronto. It was commenced in 1846, being then issued Semi-weekly; it is now issued

Daily, Semi-weekly & Weekly,

The two latter being the

CHEAPEST PAPERS IN THE PROVINCE.

The Political leaning of the "SPECTATOR" is well known, and as a general newspaper has never been excelled. It is regularly furnished with full Telegraphic Reports of News from all parts of the World; and its facilities for giving the latest Markets, and other Commercial Intelligence, are not surpassed by any other Journal.

SUBSCRIPTIONS, PAYABLE STRICTLY IN ADVANCE, ARE

DAILY, PER ANNUM	- - -	\$5 PER COPY.
SEMI-WEEKLY, PER ANNUM	- - -	3 " "
WEEKLY, PER ANNUM,	- - -	2 " "

Persons sending Five, or more, Subscriptions for any of the issues will be entitled to a Copy, GRATIS.

Letters should be addressed

IMPORTERS AND WHOLESALE & RETAIL DEALERS IN
**CHEMICALS, DRUGS, MEDICINES, PERFUMERY,
PAINTS, OILS, VARNISHES, DYE-STUFFS,
Painters' Tools, Brushes, Artists' Colors, &c.**

T. BICKLE & SON call the attention of the Trade and the public generally to their large and well assorted Stock, and would respectfully submit that a connection with the Trade of Canada West for more than a quarter of a century, together with ample facilities to buy in the best markets for cash, enable them to offer inducements to intending purchasers and they therefore solicit a call.

T. BICKLE & SON prepare and sell, wholesale and retail, the following celebrated medicines, to which they solicit particular attention.

Bickle's Aperient Anti-Bilious Pills,

For disorders of the Stomach and Bowels, Giddiness, Sick Headache, &c. Price, 25 cents per Box.

Hamilton Evening Times

IS PUBLISHED EVERY AFTERNOON, AT THE
OFFICE ON HUGHSON STREET

And immediately delivered to City Subscribers, at 10 cents a week, or \$5 a year in advance.
When sent by Mail, \$1.25 a quarter.

WEEKLY TIMES,

PUBLISHED on FRIDAY MORNINGS, \$1.00 A-YEAR, in ADVANCE,

Or \$1.50 credit. The Weekly Edition (with Supplement) contains all the important News of the Week, Market Reports, Editorial Articles, Literary Reading Matter, Poetry, and the latest Telegraphic Reports. Circulation of the *EVENING TIMES* is greater than ever, a fact which advertisers would do well to keep in mind.

"THE TIMES" BOOK & JOB PRINTING OFFICE

Is possessed of every facility for the superior and rapid execution of every description of Printing from the smallest Card to the most elaborate Book or the largest Poster.

HAVING IN OPERATION ONE OF

TAYLOR'S SUPERIOR CYLINDER PRESSES

ADAPTED FOR

GENERAL JOB WORK

Driven by a Steam Engine, manufactured by Becket of this city, the Proprietor feels that he can compete successfully with any other establishment in this city.
There is also in successful operation in this Office, one of

GORDON'S CELEBRATED CARD AND CIRCULAR PRESSES,

ADAPTED MORE PARTICULARLY FOR

CARDS,

CIRCULARS,

& BILL-HEADS,

And which for neatness and rapidity cannot be surpassed by any other Printing Machine in use.
For POSTERS, &c., we have one of Hoe & Co.'s large size WASHINGTON PRESSES, of the best description.

THE TYPE IS ALL NEW AND OF THE LATEST DESIGNS

Thus equipped, the Proprietor feels that he can confidently solicit the patronage of the business community of Hamilton, assuring the public at the same time that he will endeavor to merit their support by

Liberality in Prices! Neatness! Accuracy! and Punctuality!

The "Chronicle" possesses a circulation nearly double that of any Country Paper in the Province.

ALL KINDS OF

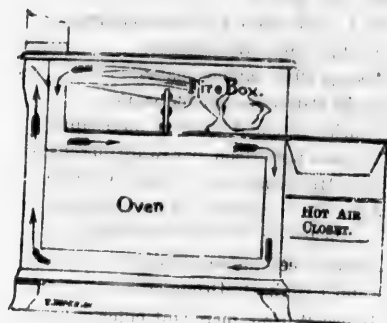

JOB PRINTING

NEATLY AND CHEAPLY EXECUTED.

J. S. GURNETT,

Publisher.

Diagram, showing the arrangement of the Flues, (damper closed,) and the position of the Fire Box, Oven and Hot Closet it the
"BRIAN CARPENTER."

The principal advantages possessed by the
"BRIAN CARPENTER" over other Cooking
 Stoves are:

1st. It requires much less fuel; its peculiar construction being such that the entire heat generated in the fire-box is economized..

2nd. The Oven (which, it will be observed, is entirely encircled by the flue, hence the name "Revolving Flue,") being heated from all sides equally, Bakes and Roasts evenly and thoroughly. "Turning" in the oven, so necessary in the "Diving Flue" and other stoves, to prevent burning, is in the **"BRIAN CARPENTER"** wholly dispensed with.

3rd. A Hot Cupboard is attached to each stove—as shown above—which, as a Plate Warmer and Heater, is invaluable.

We are also Manufacturers of

TIN, COPPER AND SHEET-IRON WARE !

FACTS FOR FARMERS.

Is it not a fact that a good Fanning Mill, or a poor one, makes a greater difference to the farmer than almost any other implement of husbandry, both in preparing his seed and preparing his grain for market.

Is it not a fact that almost every farmer sows more or less filth in his seed, for the want of a good mill to clean it? Suppose a farmer sows one or two bushels of foul stuff in his seed, which I think is a very moderate calculation, for many sow twice that quantity, will he not reap in proportion?

Is it not a fact that most Farmers, in cleaning their different crops for market, have tailings and offal enough to buy a new mill with every year, if it had been good grain, instead of dirt, and they might just as easy have raised that much more good grain if they had had a good mill to prepare their seed?

Is it not a fact that many farmers have a good quality of grain, but when they carry it to market, are docked 5 or 10 cents on the bushel, and sometimes twice that, because it is not properly cleaned.

IS IT NOT A FACT THAT

EVERITT'S EXCELSIOR FANNING MILL

Has done, and is doing, more to overcome these difficulties, than any other Mill ever offered to the Agriculturists of Canada? You may say and think that because I am interested I recommend them too highly, but I will endeavor to prove to you, by the testimony of gentlemen whose veracity and practical experience as agriculturists cannot be doubted, that the Mill can do all I recommend it for.

FACTS ARE STUBBORN THINGS.

And is it not a fact that O. W. Everitt's Excelsior Fanning Mill was taken to the Provincial Exhibition at London, in 1861, and there had to compete with fourteen of the best Mills in the Province (supposed to be) and there carried off the palm in getting the first prize and a diploma?

And is it not a fact that the judgment of the Judges at the Provincial Exhibition was endorsed by three disinterested Judges at the County Show in Hamilton, where it received the first prize? And is it not likewise a fact that this decision was further endorsed by the Judges at the West Flamboro' Show, where it also received the first prize?

Now, is it reasonable to suppose that all these Judges could be mistaken and award the prizes to an underserving Mill? Several Farmers have declared to me that they had saved the price of the Mill in cleaning up one crop in tailings alone, and I will now give you the testimony of a few practical farmers who have bought and used my Mill, which I think will prove all I have said concerning it.

O. W. EVERITT,
Dundas, C. W.

TESTIMONIALS.

Ancaster, March 1st, 1862.

This is to certify that I used one of Mr. Everitt's Excelsior Mills, and take pleasure in pronouncing it the very best Mill I have ever used or seen used, for all purposes required, such as cleaning grain and seeds, and separating grain of various kinds from each other. It is, in fact, *ne plus ultra* of all Mills, and no farmer who wishes to save money and have the cleanest grain that can be produced for the market, should be without one.

THOMAS HATT.

Flamboro' West, February 16th, 1862.

In regard to your Mill, I would say, that having given it a fair trial, I pronounce it superior to any I have used or seen before. In regard to separating oats from spring wheat, I would highly recommend it to the farmers generally.

JOHN WEIR.

Ancaster, February 27th, 1862.

I hereby certify that I have examined and seen work, and have used Mr. O. W. Everitt's Premium Fanning Mill, and most cheerfully say to the farmers and all who have occasion to use a mill for the separation of grain from foul seeds, and all other seeds, differing from the kind you wish to be thoroughly free and fit for seed, purchase one of O. W. Everitt's Improved Premium Fanning Mills, as it is indispensable to those who wish to have purely clean seed, &c.

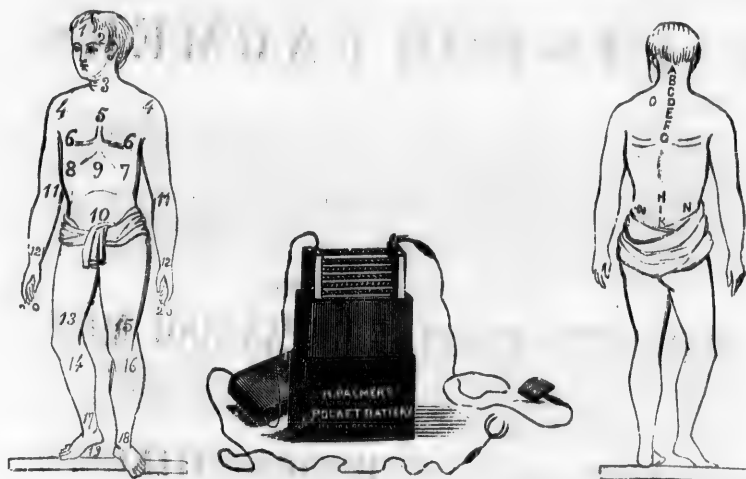

ELIJAH CLARK, Baptist Pastor.

Brantford Township, March 1st, 1862.

This is to certify that I have used your Mill, and pronounce it the best I ever saw for cleaning and separating all kinds of grain. Every farmer should have it, as it cannot be approached by other Mills.

JOSEPH JOHNSTONE.

NEW ERA IN MEDICAL SCIENCE !

Simple Cure for Disease.

MILD STREAMING ELECTRICITY

Is curing thousands. All the savage shocking machines superceded by

PALMER'S Improved Patent Voltaic POCKET BATTERY.

All the Hospitals use them. All the Doctors use them. Any person can use them. It can be worn on the body at any time. No unpleasant sensations—no shocks of any kind—no trouble. A child can wear it. It may be placed in the waistcoat pocket. It will last for years. Any one can understand the directions accompanying each Instrument.

Have you Rheumatism? Try the battery ten minutes. Have you Gout? Try the battery ten minutes. Have you stiff or swelled joints? Try the battery for quick and permanent relief. Have you general or local debility? Try the battery—half an hour will test its value. Have you dyspepsia—indigestion? Try the battery—gives tone and strength to the stomach at once. Have you weak lungs—consumption? Try the battery before you lose time with medicines. Have you liver complaint? Try the battery. Have you paralysis anywhere? Try the battery. Have you lumbago? Try the battery one minute. Have you neuralgia of any kind? Try the battery one minute. Have you weak or sore eyes? Try the battery three minutes. Are you deaf? Try the battery. Have you tumors, white swelling, goitre or thick neck? Try the battery. Are you troubled with constipation? Try the battery. Have you head or tooth ache? Have you pain in the sides or chest? Try the battery one minute. Have you any other kind of functional derangement? Try the battery. Do you want a pleasant cure?—nature's cure?—a permanent cure? Try the battery.

Do you want proof of these statements? call upon H. Palmer, who lives right among you—Office next door to McCormack's, Confectioner, Smith's Block, East end of Dundas-st., London, C. W.

All orders addressed to H. PALMER, Box E. 99, Post Office, London, will receive prompt attention.

Price of the Battery, - - - only \$5.00.

- George McKay, flour merchant.
- Hugh McKinnon & Co., general merchants.
- W. C. McLeod, importer of dry goods and hardware.

ROBERT STARK'S MAGICAL PAIN KING.

Made from Roots, Herbs, Plants, Balsams, Gums and Vegetable extracts, a most powerful Pain Killer, can be taken in water for inside disease, or rubbed and applied on the skin for outside disease. A most WONDERFUL NEW DISCOVERY. In the past year over two thousand certificates have been received, saying that its virtues as a READY RELIEF or PAIN DESTROYER are beyond anything ever before made. This is because new roots have been found out, and a new way has been discovered by Mr. Stark to get the virtues of the Herbs, Roots and Plants extracted. Part of the ingredients of this medicine was discovered in Scotland, and part in India and Canada. There is nothing like it for Rheumatism, Headache, Fever and Ague, Frost Bites, Sore Throat, Pleurisy, Tooth-ache, Piles, Dysentery and Diarrhea, Indigestion and Dyspepsia, Neuralgia, Tic, Sprains, Stiff Joints, Burns, Asthma, &c. It is sold by all Druggists and Country Storekeepers, at 25 and 50 cents a bottle, or five bottles for the price of four.

Prepared at Robert Stark's Laboratory, Woodstock.

All bottles must be signed by him.

ROBERT STARK'S MECCA HORSE CURE.

One of the most wonderful of Medicines. It cures Heaves and Coughs, and is the most fattening and life-giving article ever yet made. It makes a horse which is poor and has a rough coat, fat and fine skinned in a very short time. The receipt was brought from Arabia in 1856 by Mr. Rodden one of the Veterinary Surgeons of the Dragon Guards, and was bought in England by Mr. Stark, who has the sole right to make and sell it. No other powder is anything like it, there being five, of the Roots and Balsams that are not even to be had in America. It will cure Mange, Broken Wind, Heaves, Bots, Staggers, Coughs, Worms, Founders, Inflammation, Loss of Appetite, &c. Look well that every package has R. Stark's signature upon it, and buy none but the MECCA HORSE CURE. Price 25 cents a package. Sold by every druggist and country store keeper.

HEAVES, HEAVES, HEAVES.

Woodstock, November 5th, 1861.

I certify, hereby, that I have made use of Mr. Robert Stark's MECCA HORSE CURE in Heaves, and have also had frequent opportunities of witnessing its good effects upon poor and unthrifty animals; and in many cases, even of rather long standing, the Heaves were completely removed. In bad cases (as well as in cases where the horses did not thrive well and had rough coats) it always makes the horse more fit to work, and keeps the disease under in a wonderful manner.

HARRY J. WALBRIDGE.

R. STARK'S NELIGAN'S ENGLISH WORM CANDY.

A sure cure for Worms.

Children or grown persons will find these candies pleasant, and to give immediate relief after taking a few doses. Do not use any other, but ask for "Neligan's," made by Robert Stark, Woodstock. Price 25 cents a box, or five boxes for \$1.00.

Certificate from the Rev. W. S. Ball, late Agent for the Upper Canada Bible Society, now Minister of Knox's Church, Guelph.

Guelph, February 18th, 1862.

It gives me much pleasure to certify that I have used Neligan's Worm Candy, prepared by R. Stark, Druggist and Chemist, Woodstock, in my family with uniform success: I have also taken occasion to recommend it to other parents for their children, and have not known a single case where the Candy failed to effect a cure or left any injurious effects upon the children taking it.

[Signed] W. S. BALL.

BARTEE'S EAST INDIAN VEGETABLE PILLS.

Not only are a sure, mild and certain purgative, but they purge out all unhealthy and injurious matter from the blood. They make the melancholy feel bright, happy and light hearted. They are the best medicine for Costiveness, Indigestion, Dyspepsia, Jaundice, Fits, Biliousness, Head-aches, Bad Breath, Melancholy Feeling, Disturbed Sleep, Heart Disease, Diseased Skin, &c., ever made.

Certificate from a Canadian,

ROBERT STARK, Esq.—

Aylmer, January 15th, 1862.

I hereby certify that I hardly believe that I would now be alive to tell my story but for the use of BARTEE'S PILLS. I caught cold, and it seemed to settle upon my stomach, which was continually out of order, and at last got so bad and painful that I almost cried out when I moved. I tried plasters and blisters, as well as medicines of one kind or another but with only very slight benefit, and got so weak I could not leave my bed; but I bought a box of BARTEE'S PILLS, which I took every other night for a week, and rubbed in MAGICAL PAIN KING to my stomach, and in ten days I was up, and in five more as well as ever I was in my life thanks to the above pills.

I am yours,

JOHN BROWING.

Prepared by Dr. BarTEE, M.R.C.S. 275 New Bond Street, London, England. R. Stark, Woodstock, American Agent. Price one shilling, or 25 cents a box, from any druggist or medicine dealer, or by post from R. Stark for 35 cents.

and Newton & Smallacombe, Woodstock; P. W. Dayfoot, Hamilton, and
W. L. Hutton, St. Mary's.

TESTIMONIALS.

MR. SOPER.—The machine you sent me works
well; we are well pleased with it.

Mrs. PRICE, Cap Maker,
Chatham.

MR. SOPER.—My foreman was greatly prej-
udiced against any but Singer Machines, but
the more he uses yours the better he likes it.

P. W. DAYFOOT,
Wholesale and Retail Boot and Shoe Manu-
facturer, Hamilton.

MR. SOPER.—The machine we had of you we
worked beside one of Singer's best, and find
that it will do as good work, at a higher rate of
speed, and with linen thread, may be run 100
stitches per minute more than the Singer Ma-
chine.

NEWTON & SMALLACOMBE,
Merchant Tailors, Woodstock.

MR. SOPER.—I have been using one of your
machines about 18 months; it has needed no
fixing or attention, but is always ready to work

J. T. WILSON,
Tailor, Woodstock.

MR. SOPER.—I have been using your machine
two years. I think no machines can do better
work than mine have done.

E. P. EVANS,
Fashionable Boot and Shoe Maker,
Woodstock.

MR. SOPER.—This city is full of machines,
but I have seen none that I would give mine
for; it works to a charm.

P. W. MALLORY,
Shoemaker, London.

TESTIMONIALS.

We, the undersigned, having visited the Sewing Machine Manufactory of Messrs. R. M. Wanzer & Co., located in this city, and examined the machines made by them, take great pleasure in recommending them to the people of Canada, as an enterprise worthy of patronage, and also to the encouragement of Canadian manufacturers.

Robert Osborne,

We, the undersigned, having purchased, and used the Singer Sewing Machine, manufactured by R. M. Wanzer & Co., Hamilton, C. W., are happy to say that we believe the Machines made by them are equal to any manufactured in the United States.

They are well built, and work with the least possible trouble on all kinds of goods, making a beautiful lock-stitch, alike on both sides. We would, by all means, advise the purchase of R. M. Wanzer & Co.'s Singer Machine, in preference to any other, if the purchaser wishes to do all kinds of work, from the finest muslin, to heavy patent-leather boots and shoes. This they are doing to the entire satisfaction of the purchasers. We wish to encourage Home Manufactures in Canada; when we see a Company taking the pains and being at the expense that R. M. Wanzer & Co. have, to make a meritorious Machine, we wish to see them extensively patronised.

Robert Gallagher,

Thomas Olliver,
Emily Twamley,
James Carrie, and many others.

It gives us great pleasure to say to those who wish Sewing Machines for Manufacturing purposes, that we think those manufactured by R. M. Wanzer & Co., Hamilton, are equal to any that we ever saw manufactured in the United States. We have been using Singer's Machine manufactured by I. M. Singer & Co., New York, for a series of years. Some fourteen months since we purchased one of Wanzer & Co.'s manufacture, the work of which pleased us so much in the manufacture of Boots and Shoes, we disposed of those we had, manufactured by I. M. Singer & Co., and are now running to our entire satisfaction, six of Singer's No. 2 Machines, manufactured by R. M. Wanzer & Co., Hamilton, C. W.

HAMILTON, C. W., April 21, 1862.

WELLAND HOUSE,

Corner of King and Ontario Sts.,

ST. CATHARINES, ONT.

CHARLES NORTON,
PROPRIETOR.

THIS NEW, COMMODIOUS, and ELEGANTLY FURNISHED HOTEL is situate as above, being in the most central part of the Town for business men. The rooms being large, well furnished, and ventilated, afford a pleasant accommodation for the pleasure seeking public, or invalid,

THE CELEBRATED ARTESIAN WELL,

BEING ONLY ABOUT TWO MINUTES WALK FROM THE HOUSE.

Invalids visiting St. Catharines for the purpose of bathing in the waters of the above well, (who are not able to go to the Bath House) will be furnished with such Baths in the Hotel.

This House and Furniture is new, and was built expressly for the accommodation of the travelling public. In point of convenience and comfort the proprietor pledges himself that the Welland House shall not be excelled by any House in the Province.

AN OMNIBUS and a trustworthy Porter will be always in attendance at the Cars, both at the Great Western and Welland Railways.

Carriages may be obtained at all times for pleasure driving, the most pleasant of which is a drive to

Lake Ontario, distant only about 3 miles; Niagara Falls and Suspension Bridge, 10 miles, and Queenston Heights, (where Brock's Monument may be seen) 12 miles.

The several roads leading to those places afford a charming drive, inasmuch as the Country surrounding abounds in the most picturesque scenery.

N. B.—Persons visiting the above Hotel in Carriages, will find First Class Stable accommodation for their Horses.

**SITTZER'S VERMIFUGE
CANDY.**

A safe and reliable remedy for Worms. They are sweet and agreeable to the taste. Certain in their effects—and combine strong vermifuge properties with a gentle tonic. So that while they are unequalled in the expulsion of Worms, they give tone to the stomach and strength to the system.

Every mother is familiar with the symptoms produced by Worms—grinding of the teeth, restlessness, sudden starts during sleep, changeable appetite, low fever, picking of the nose, etc., are among the unmistakable evidences of the presence of Worms; and it not unfrequently happens that convulsion fits are the consequence of neglecting timely attention.

G. C. BRIGGS,

Agent, Hamilton, C. W.

J. THOMAS & CO.,

Beg respectfully to invite your attention to their splendid stock of

FIRST-CLASS PIANO-FORTES

Which they are now offering on very advantageous terms.

Their Pianos will be found equal to any manufactured on this Continent, and will, on inspection, satisfy the greatest critic that their workmanship, quality of tone, touch, and finish, are such that taking into consideration their low range of prices, will defy competition.

Amongst the many Testimonials received for their Pianos, they have much pleasure in calling your attention to the following:—

From the Rev. Dr. McCaul, Principal of University College. G. W. Strathy, Esq., Doctor of Music, and Professor of Music at Trinity College. John Carter, Organist and Director of the Choir, St. James' Cathedral. Also, from J. D. Humphreys, Esq.; A. Gunther, Esq.; Aug. Seiffert, Esq., and M. Haberstock, Esq.

First and Second Prizes at the Provincial Show in Hamilton, 1860.

I have examined some Piano-Fortes made by J. Thomas & Co., and can bear testimony to the excellence of their tone and finish.

Toronto, April 4th, 1861. JOHN McCaul.

I have much pleasure in bearing testimony to the superior tone and finish of the Piano-Fortes made by J. Thomas & Co., of the Canada Piano-Forte Manufactory.

Toronto, March 29, 1861. G. W. STRATHY.

I have no hesitation in speaking very highly of the Piano-Fortes I have seen manufactured by J. Thomas & Co., of this city.

Toronto, March 29, 1861. JOHN CARTER.

The undersigned, Professors of Music, have great pleasure in recommending to the public generally the Piano-Fortes manufactured by J. Thomas & Co., as being very superior instruments, and equal in every respect to any manufactured on this Continent.

J. D. HUMPHREYS, A. GUNTHER,
M. HABERSTOCK, AUG. SEIFFERT.

A Guarantee given with all their Pianos.

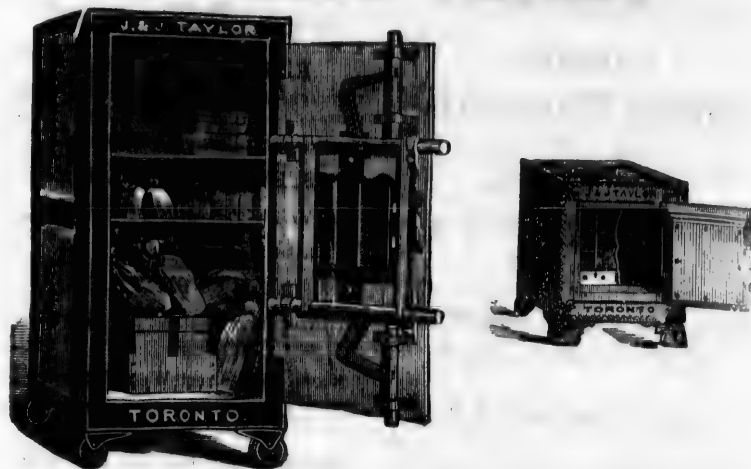

OLD PIANOS TAKEN IN EXCHANGE.

TUNING AND REPAIRING PROMPTLY ATTENDED TO.

YORK ST., (OPPOSITE THE ROSSIN HOUSE,) TORONTO.

ENCOURAGE HOME MANUFACTURE!

TAYLOR'S PATENT

Fire and Burglar-Proof Safe.

Four days in the Fire! One of Taylor's Safes severely tested!

The Provincial Patent Salamander Fire-Proof Safe, the only reliable Safe against Fire, as will be seen from the following Certificate.

Messrs J. & J. TAYLOR, Safe Manufacturers, Toronto, C. W.

LINDSAY, August 28th, 1861.

GENTLEMEN,—I beg to inform you that your safe, which was in my possession when my store was burned at the late great fire here, July 5th, has just been opened; the keys having been lost, it had to be cut open, and though exposed to the hottest part of the fire, it having fallen into the cellar amongst upwards of twenty barrels of oil, turpentine, and varnish, which kept burning around it for over four days; and from the fact of one of the wheels, the name plates and knob, also a stove which stood alongside of it, having been melted into one solid mass, the safe must have been red hot for a considerable time, yet the interior of the safe is as good as new, and has proved to be a perfect Fire-Proof Safe; Safes of other makers which were in the fire having proved worthless. I can with confidence recommend yours as being superior to anything of the kind I have yet seen.

CHARLES BRITTAN, Lindsay, C. W.

Having seen the above Safe opened we can with confidence recommend them to the public as being fire-proof in every sense of the word.

THOMAS KEENAN.

THOMAS R. ADAM, Post Master, Lindsay.

The above Safe with several others and certificates can be seen at the Sale Rooms at the Manufactory.

A list of sizes and prices furnished on application, from which parties at a distance can order, and satisfaction guaranteed, or no sale.

ADDRESS,

AN EXCELLENT ADVERTISING MEDIUM!

The Toronto "Evening Journal,"

Devoted to News, Politics, and Commerce, (Established, 5th August, 1860.)
Continues to be Published Regularly, at 37, King Street East, Sign
of the "Golden Lion," Toronto, O. W.

The "EVENING JOURNAL" has become a good advertising medium. Arrangements have been completed by which additional interest will be taken in the paper by the Mercantile Community. Wholesale Merchants now secure space in it for their Circulars, and purchase thousands of copies at a time to send to their correspondents throughout Canada.

Another class of business men advertise in the "EVENING JOURNAL" occasionally, and they furnish the names of thousands of farmers and others, to whom the paper is mailed. By way of encouraging our Advertising Patrons, we have determined on giving all new advertisements ordered for the "TORONTO WEEKLY JOURNAL" one gratuitous insertion in the "EVENING JOURNAL."

The "Weekly Journal,"

Is a Large First-Class Paper, devoted to Literature, News, Commerce, &c., established in 1857, and published regularly from that time to the present. It has continued to have a large circulation in this and adjoining counties, and is known as an Excellent Advertising Medium. The terms for advertising are less than have ever been offered to the public before, viz:—THREE CENTS per line for the first insertion, and ONE CENT per line for each subsequent insertion. Business and Professional Cards, (without changes,) will be inserted at ONE DOLLAR per line by the year, when they contain six lines or less.

BOOK AND JOB PRINTING,

PHOTOGRAPHIC GALLERIES
RICHMOND STREET

—AND—

65 Dundas-St., - - - London, C. W.

J. COOPER & BROS. CONTINUE TO TAKE THE BEST

Photographs, Ambrotypes,

DAGUERETYPES, IVORYTYPES AND

CARTES DE VISITE

OF ANY ARTISTS IN THE PROVINCE,

Consequently their rooms are constantly crowded with those wishing perfect likenesses of themselves and friends, and all leave highly pleased with their success and well satisfied with the low price charged for likenesses so true and life-like.

All who wish a true copy of themselves or friends, which will last for ages after the original shall fade and pass away, can not do better than call at either of their Galleries, where they will find a skilful artist ready to wait upon them.

Likenesses taken in Cloudy as well as Clear Weather.

CARTES DE VISITE Unequalled by any other Artists, taken at the low price of
\$3.00 PER DOZEN.

DON'T FORGET THE ADDRESS,

RICHMOND-ST., AND NO. 65 DUNDAS-ST.

J. COOPER & BROS.

This Institution is well located to secure at once Health, Pleasure & Business convenience.

HEALTH.

It is in a very quiet place but one door from St. John's Park, and but four short blocks from the Hudson, from which we receive the purest sea air mixed with land breezes, the best known combination for healthfulness.

BUSINESS.

It is less than three blocks from Broadway and near the principal business streets of the city. R. R. Depots, &c.

PLEASURE.

With one exception it is in the most convenient point in the city to go by public conveyances to the places of public resort either for worship, instruction, amusement or pleasure with which New York city and its suburbs so richly abound.

MEDICAL DEPARTMENT.

Here we apply all the *Natural Hygienic Agencies* including all the water cure appliances and baths, among them the Spray, Vapor, Hydro-Electric. The purest food, air, exercise—rest, gymnastics, Swedish movement cure, right mental conditions, &c., &c., and no poisonous drugs of any kind. Is still, as it has been for 14 years, under the supervision of R. F. TRALL, M.D., as chief Physician, who is too well known as the leader of the Hygienic Reform to need further notice. He is assisted by E. P. MILLER, M.D., who has been his associate for several years, and has had excellent medical and hospital advantages outside of his own cure. Dr. MILLER is assisted by FRANK R. JONES, M.D., professor of Chemistry in the *HYGIEO THERAPEUTIC MEDICAL COLLEGE* which is chartered by the State of New York and connected with this Institution, where all the guests of the house have an opportunity to hear Dr. Trall's health lectures, and those of the other professors, and thus learn to secure health if lost, and retain it if well.

FEMALE DISEASES.

Ellen Higgins, M.D., a lady of large experience, has charge of this department. She has but to be known to be appreciated by her sick and suffering sisters.

HELP.

We have competent attendants and assistants in every department.

DISEASES.

We treat all curable diseases of every name and nature successfully, without drugs of any kind.

SURGICAL DEPARTMENT.

All surgical operations scientifically performed and successfully treated. In the cure of hip diseases, cancers, tumors, &c., we are especially successful.

SWEDISH MOVEMENT CURE.

This we find an indispensable auxiliary in the treatment of many forms of disease, especially paralysis, inactive muscles, spinal curvature, chronic dyspepsia, and that terrible disease spermatorrhea, the curse of the American people.

BOARDERS.

To boarders we offer clean, well ventilated rooms, wholesome, well cooked food, at four to ten dollars per week; lectures, baths, gymnastium, &c., free.

PATIENTS.

Pay an entrance fee of \$5 dollars, and \$3 50c. per week, for medical attendance.

PROPRIETOR.

E. P. Miller, to whom all business letters should be addressed. For MEDICAL ADVICE address Trall & Miller. For further particulars call and see us, or send for circular.

Electro-Medical Apparatus.

JEROME KIDDER'S

SIX CURRENT

Electro-Magnetic Machine,

[PATENTED SEP. 18th, 1860.]

Adopted by the Faculty of New York, for the Cure of Nervous, Acute, and Chronic Disorders.

The above Cuts represent an aggravated case of Spinal Curvature cured in Thirty-five Days by this Instrument.

The following are among the Diseases which yield readily to its use:

Asthma, Ague, Blindness from Paralysis of the Optic Nerve, Weak and Inflamed Eyes, Burns, Cataract, Chlorosis, Cramps, Coldness of Feet and Hands, Deafness from Paralysis of the Auditive Nerve, Dropsy, Dyspepsia, Epilepsy, Nervous and Side Headache, Constipation, Narcotism from Laudanum or Opium, Neuralgia, Torpid or Enlarged Liver, Lumbago, Enlarged Joints, Leucorrhoea or Fleur Albue, Falling of the Womb—the true remedy, Paralysis, Paralysis of the Bladder, Paralysis from an Exhausted State of the Nervous Centers, Paralysis of Sensation, Rheumatism, Rickets and Gout, Scrofula, Spinal Curvatures, Throat Diseases, Suspended Animation from Drowning, Chloroform, Accidents, &c.

TESTIMONIALS.

From the American Medical Times, Jan. 18th, 1862

"**VERDICT INVESTIGATION**—KIDDER'S ELECTRO-MAGNETIC MACHINE.—The employment of electro-magnetism in medicine is beginning to assume a proper importance, since the investigations of Matteucci, Du Bois-Reymond, and others have thrown a flood of light upon obscure nervous affections, and have led to a proper appreciation of treatment. That electro-magnetism is hereafter to form no inconsiderable part of this treatment can not be denied, and we must welcome any invention which tends to place this agency within the reach of the practitioner. The electro-magnetic machine of Mr. Kidder is one of the most useful inventions of the kind with which we are acquainted. It has six currents, differing in their magnetic, electrolytic, and sensational effects. It is very portable, and very easily kept in good condition. We have witnessed its frequent employment in various medical cases, and the results have convinced us that in the hands of the judicious, scientific physician, a large class of diseases are more amenable to such treatment than to any therapeutical means."

CAUTION.—None purporting to be this kind are genuine, unless they have my name in full, and also the patent label upon them.

Machines shipped to any part of the United States and Canada, with plain and full instructions for their use. For further particulars, address

# W. C. CHEWETT & CO., PUBLISHERS OF THE CANADIAN ALMANAC,

**B**EG TO INFORM ITS QUARTER OF A MILLION READERS, THAT THE BUSINESS conducted for the past seven years under the style of MACLEAR & CO. (formerly HUGH SCOBIE) will in future be known by the above name. In making this announcement they desire to give prominence to the fact that the change is one of name only; the business is still conducted by those who, under the old name, succeeded in giving satisfaction to so large a body of customers, and who are now prepared to devote the utmost attention and energy to executing every order, large or small, with which they may be honoured. Their establishment and its capabilities are now so well known throughout Upper Canada that it is unnecessary to remark at length on the various departments, they would, however, briefly indicate them, assuring their friends that every effort is made, and no expense spared, to keep each branch of their business up to the mark.

## BOOKSELLING.

In this department will be found an assortment of STANDARD WORKS, ENGLISH AND AMERICAN, while every NEW WORK OF INTEREST is added as soon as published. Orders for miscellaneous Books from Europe executed more quickly than by any other establishment.

**LAW BOOKS.**—A full stock of ENGLISH AND AMERICAN EDITIONS kept on hand, which we offer at the lowest prices for cash.

**MEDICAL.**—All the STANDARD TEXT BOOKS kept in stock, and supplied on very liberal terms to Students, and for Cash.

**EDUCATIONAL.**—We have always on sale The TEXT BOOKS used in the University, in Upper Canada College, the Model Grammar School, and all the principal Educational Institutions, public and private, in the Province.

**Bibles, Prayer, Church Services, Albums, and Gift Books.**

A LARGE STOCK OF JUVENILE BOOKS.

The English and American Periodicals, Reviews, &c., supplied immediately on publication.

## STATIONERY.

Our Stock in this department comprises the best ENGLISH BOOK AND WRITING PAPERS, DELA RUE'S OVERLAND NOTE FOR FOREIGN CORRESPONDENCE, ENVELOPES, VISITING CARDS, &c.

These goods can only be obtained from two or three houses in the Province. Our stock of ENVELOPES is at all times very large. Buff from \$1.00 per 1,000 to the heaviest and finest made; also Cream Laid, Blue Laid, Cloth lined, and every other description of Commercial or Official Envelopes.

GILLOT'S AND MITCHELL'S STEEL PENS.  
STEPHENS', ARNOLD'S, TODD'S BLACKWOOD'S AND EVERY APPROVED MAKE OF WRITING AND COPYING INKS.

Every article of office furnishing.

## PRINTING.

An Extensive Printing Office, in which every description of

**BOOK AND JOB PRINTING,**

IS EXECUTED WITH PROMPTITUDE AND ON REASONABLE TERMS.

Printing for BANKS, INSURANCES, and other PUBLIC COMPANIES in very superior style.

AN IMMENSE VARIETY OF

LEGAL, MUNICIPAL, and COMMERCIAL PRINTED FORMS kept in Stock.  
The printing of SPECIAL FORMS, CATALOGUES, REPORTS, PAMPHLETS, POLICIES, BILLS IN CHANCERY, &c., expeditiously done and with strict regard to economy.
